Welcome to Charis Bible College!

Starting a Bible college was the last thing I ever thought I would do, but on June 23, 1993, I clearly heard from the Lord to start a Bible college. I was to take 2 Timothy 2:2 — *“And the things that thou hast heard of me among many witnesses, the same commit thou to faithful men, who shall be able to teach others also”* — and use it as a framework for a Bible school.

Since Charis Bible College opened in 1994, the school has grown to multiple campuses around the world and has graduated thousands of students. Through Distance Education, you can take all thirty-nine courses in Charis’s first-year curriculum.

As you listen to and apply these lessons, you will be changed effortlessly and see that change influence every area of your life — family, work, and ministry.

Whatever God is leading you to do, preparation is never a waste of time. The investment of your time in these courses is a small price to pay for a lifetime of success.

You are blessed!

ORIENTATION

Course Overview

Each course contains:

- Eight video and/or audio lessons
- One course syllabus
- One course exam

Each lesson is approximately fifty minutes in length. Listen to the lesson, follow along and take notes in the course syllabus, pause, rewind, and listen as much as you'd like. In this self-paced format, you'll progress through each of the eight lessons at your own pace.

Once you've finished all the lessons, complete and mail the exam to Charis Bible College Distance Education. Allow up to thirty days for your graded exam to be returned in the mail. It is recommended you keep all graded exams for your records. You do not need to wait for your exam to be returned before you begin your next course.

Exam and Course Grade

The grade for the course will be based entirely on the exam. To pass a course, you must obtain an exam grade of 70% or greater.

Typically exams are in the form of multiple-choice, true/false, and matching questions. Exams are taken on the honor system. ***Please do not use any notes or books, including your Bible, unless otherwise stated.*** Although it is the measurement in your overall grade, the exam is not designed to be an academically intense exercise. It is designed to give you a tool to determine how well you retained the main concepts in the course.

If you receive an exam grade of less than 70%, you may retake the exam one time to raise your grade to a maximum score of 70%. A retake exam will be included in the return mailing of any first exam that has a score of less than 70%.
