## IS YOUR VEHICLE READY FOR WINTER?

- **Car Battery**  
Older car batteries may die faster in winter conditions.
- **Tire Tread and Air Pressure**  
Snow and ice cover the roads in the winter. *Triple-peak* rated tires with good tread are recommended for winter travel.
- **Antifreeze Fluid Level**  
Keep extra antifreeze in your trunk to fill the reservoir through winter
- **Windshield-Wiper Blades**  
New blades help to fight ice build-up on icy winter mornings and while driving.
- **Gas Tank**  
Prevent frozen gas lines and being stuck in deep snow without heat by keeping your gas gauge above a quarter full.

- An Ice Scraper and Snow Brush
- Properly-Inflated Spare Tire, Wheel Wrench, and Tripod Jack
- Shovel and Bag of Cat Litter for Traction
- Flashlight w/ Extra Batteries
- First Aid Kit
- Matches in a Waterproof Container
- Nonperishable, High-Energy Foods
- Bottled Water
- Winter Coat, Blankets, Mittens, Extra Socks, Hats, and Snow Boots

Public transportation is virtually non-existent in Woodland Park. Biking and walking are not recommended due to unpredictable winter conditions almost year-round. Ride-share and public transit like the Mountain Metro are available in Colorado Springs.

# LIVING AT HIGH ALTITUDE

**Slowly acclimate.** Try to stay below 7,000 feet the first day

**Give your body time to adjust.** Avoid strenuous exercise the first day.

**Limit alcohol intake.** Alcohol binds oxygen and water and robs your body of these two important nutrients. It also slows the acclimation process.

**Drink more water.** Keep to a minimum of 1 liter of water for every 4 hours of inactivity and 1 liter of water for every 2 hours of activity.

**Always travel with a companion.** If someone begins to experience severe coughing, wheezing, shortness of breath, or chest pain, get him or her to a lower altitude as quickly as possible.

**Check with a medical advisor.** The effects of some drugs can be greatly increased at higher altitudes. Be sure to check with your doctor before exerting yourself at higher altitudes.

*People will acclimatize at different rates. Make sure all members of your family are properly acclimated before going higher.*

*If you have any breathing difficulties it may be best for you to live in Colorado Springs and come up to school for the 4-5 hours a day and then return to Colorado Springs.*
